

**Chicago Housing Authority
Board of Commissioners Public Session
Meeting of December 18, 2007
Schneider Apartments, 1750 W. Peterson, Chicago, Illinois**

	Residents Name/Property/	Question/Comment	Status
1.	Jessica Youngblood	"CCH is opposed to the new mandatory work requirements which the CHA seeks to impose on its public housing tenants.... CCH urges the CHA to drop these ill-conceived new requirements and, instead, to work cooperatively with CCH and other advocates to reach a fair resolution that will not threaten eviction and increased homelessness will afford residents good job training and opportunities."	The Work requirements are designed to help families move towards self-sufficiency. The requirements are not in place to hurt families. The CHA has many initiatives in place to assist residents with any issues or barriers they may face.
2.	Nadia Underhill	When will copies of the revised ACOP be available?	The revised ACOP is now available on the CHA website, www.thecha.org .
